

GPS, Navigation Systems

Holders and mounts for installation of GPS devices and navigation system monitors in vehicles.

Keep Your GPS in a Holder!

Passive Holder

Active Holder, with Cigarette Lighter Cable

Active Holder, for Fixed Installation

Holders for GPS, Navigation Systems

A holder makes it much easier to use your device in your vehicle. Keep your GPS device in a holder and you will always have it in easy reach -safe and convenient!

A Wide Range of Products

The holders are customized for every different GPS model, and are available for most models on the market. A customized holder is usually ready when a new model appears on the market.

High Quality

The holders have a perfect fit and provides a firm installation. It is easy to place the device in the holder, and to take it out of the holder, so you can easily take your GPS with you when leaving the vehicle.

Many Alternatives

GPS holders are available with various features. All mounts and holders are adjustable in order to avoid light reflection in the screen.

Attach onto ProClip

Attach the holder onto the ProClip Mounting Platform in your vehicle. The installation is quick and easy, and does not damage the interior.

Safer Driving

With your device in a holder, it is always within easy reach. Our goal is to provide you with convenient products and solutions, to give you a safer driving environment while driving and operating your equipment.
